

Elf Farm Supplies

Construction update **#5**
Jun 2017

Project update

Elf Farm Supplies began upgrading its Mulgrave facility in late August 2016 to install the latest technology to manage odour generated at the site. The following is a summary of work that has occurred in the past three months.

We have made significant progress on the upgrade to our facility:

- **The scrubber pits** are now complete and are ready for the placement of six scrubbers. Work is continuing on the biofilter.
- **All tunnel floors**, including the civil works to develop an under-floor heating and aeration system, are also complete.
- The construction of **tunnel walls** is well underway five walls have now been poured and the remaining walls will be erected shortly.
- The preparation for the installation of the **cooling plantroom** has also been advanced – the floor of the plantroom has been poured and steelwork is onsite, ready to install.
- **Design work** relating to our machinery and conveyor systems has started. We have continued to progress electrical engineering designs and the designs of other associated services for later parts of the upgrade. This work will continue over the coming months.

Work on the tunnel walls continues

Five tunnel walls are in place

All tunnels floors are complete

Information sessions

We are holding quarterly information sessions about our upgrade until it is complete. The information sessions give the community the opportunity to learn more about the project, by viewing project plans up close and talking to members of the project team.

The next information session will be held from **11.00am to 2.00pm on Saturday 19 August 2017**, in the Tebbutt Room at the Hawkesbury Central Library, 300 George Street, Windsor.

These are 'drop-in' sessions, so there is no need to RSVP to attend. Just come along at the time that suits you best.

If you would like to be kept informed about future sessions, please register for electronic updates via the Contact Us page of our website, see details below.

Further information

Call **1800 155 079** to register concerns or complaints.

The Complaints Line operates from 8.00am to 5.00pm, Monday to Friday, with the exception of public holidays. Voice messages can be left at any time.
